

Deltech 120/150 Underwater Light

DELTECH 120 / 150

DELTECH 120 / 150

The sign of the light is manufactured by Nylon material, a material especially durable to high temperatures. The light is supported on a round basis manufactured externally by Nylon Fibre and internally by lead, which its checked weight allows the light to always stand upright. It comes in 2 different voltages & 2 type head connection (single or double)
